

Family of Patented Products

The **NEW** Gator-Gripper is a CLEAN-UP tool for delicate screens & squeegees that is designed to help keep surfaces and the printer's hands clean! The wing nut acts like "feet" that keep the mess off of surfaces and make the Gator-Gripper handle easy to pick up.

**Save Time**  
**Save Ink**  
**Save Money\$\$\$**

Included in package:

- The Gator-Gripper
- Two 5" spreaders
- Instructions.

- Rigid aluminum construction
- Not affected by solvents
- Will not rust

• Wing nut can be installed through the spreader for heavy duty tasks and extra secure usage.

• For quick change of spreaders for cleaning, insert spreader in front of bolt and tighten.

• The wing nut doubles as "feet" to keep the spreader angled up, off of surfaces and easy to pick up!
